

Steve and Lana Catlett were born in northwest Georgia where they attended school. Steve joined the Navy in 1957 and left in 1962. After that, he moved to Virginia to live for the next 40 years. He owned a construction business.

Steve's hobbies included drag boat racing, old cars, trucks and of course, golf. He moved back to Georgia in 2002. Lana moved to Florida after high school where she saw her first MG and fell in love with it. Never in her fondest dreams did she expect to ever own one. She moved back to Georgia in 1963 and opened a sewing shop where she designed children's and ladies' fashions. In addition to her sewing skills, she loves to paint and do crafts. Maybe she could design a spectacular rhinestone outfit for our "in-house Elvis"?

Steve and Lana met on February 14, 2004 at a Valentine party which they consider to be the first day of the rest of their lives. They moved to Homosassa in 2006 where they enjoy a beautiful home on two acres as Lana loves to landscape. They enjoy having family and friends visiting. Their family is not that large, only eight children, nine grandchildren and seven great grandchildren.

Best of all, Steve made Lana's dream come true when he bought a 1952 gorgeous red MG for Christmas in 2007. Wow, what a present!
