

Pam moved here from Ohio in 1979 and Roger moved here from Kalamazoo, MI in 1989. They married 3 ½ years ago after hanging out together for 12 years. Pam's hobby is spending time with their son, Jimmy and daughter, Heather. Roger's hobbies are fixing up his MG and woodworking. Roger works for Suncoast Plastics but is looking for a better opportunity. Pam works for Winn Dixie. They are the proud owners of a 1975 MG Midget that Roger inherited from his father in 1992. After restoring it for two years, it now looks pretty sharp. As you can see from the before and after photos, it definitely needed tender loving care. Although it looks great, it still has issues. If anyone can help them out, please give Roger a call at 352-238-5398.
