

Did you know...
By
Betty Shutler

Natives of Allentown, PA, Bill and Peggy Frey moved here in 2001 from Hilton Head, SC. Their green 1980 MGB serves them well careening around the Hernando area.

Peggy is now their chief home decorator and what a fine job she has done. Prior to moving here, she was a travel agent for And traveled the US and She loves to cook, travel and spend time in a boat. People would be surprised to learn she is shy as she has very outgoing personality and always has a bright smile on her face.

Bill is the Senior Earthmover Product Manager for Bridgestone/Firestone OTR Tire Company, LLC and does quite a bit of traveling in Florida, Georgia, North and South Carolina. He loves to golf, fish and hang out in a boat also.

Peggy and Bill are excellent hosts as they seem to have a steady stream of friends, old neighbors and family visiting all the time. They are so good at it, I am considering sending my visitors over to their place. Peggy's dad loves to attend our breakfasts when he is in town so he is a true British devotee also.
