

A native of Bristol, England, Glen was introduced to Lisa five years ago through his British friends in Florida. She grew up in Butler, NJ so his sexy British accent was one of his many dazzling attributes, which really won her over. After a whirlwind romance, they married three years later on Waikiki Beach, Hawaii. They love going to car shows, attending history programs and Lisa has a special knack for designing and sewing her own clothes.

Their stable of cars used to include an Ermine White 1968 Lotus Cortina topped off with a green stripe, a 1969 Lotus Cortina, and a 1994 Lotus 7 Caterham. They presently own a screaming racing yellow S 2000 two door convertible.

Lisa has been working as a home claims adjuster for USAA Insurance in Tampa since 2001. For the past three years, Glen has been truck driving in the local area.

Glen's first interest with British cars came about during the time he was living in England. Lisa is a 1956 and 1957 Ford Thunderbird fan but admires the European vehicles and loves learning about each type. Glen loves muscle cars and would like to buy a 1969 Oldsmobile 442. They enjoy the local animal wildlife and soaking up the sun at the local beaches. Their families from England and New Jersey like to visit and keep them busy.
