

Did you know...
by
Betty Shutler

Milena and Terry Mathes moved here in 2003. Terry is from Erwin, TN and Milena is from Manhattan, NY. Adam, their son, lives in Johnson City, TN. Since she has many years of experience as a Special Ed teacher, Milena recently accepted a position as a Special Ed Teacher in Ready Life Skills and Social Studies at our new Nature Coast Technical School. All of us have had the pleasure of enjoying her beautiful voice singing wonderful ballads. Milena also loves to read and needlepoint in her spare time. She has also accomplished a feat we would all love to try sometime...skydiving!

Terry was a Medical Electronics Instructor for 30 years in the Army which took him all over Europe. He trained the National Guard and Reserve units during the last 10 years of his military career. Upon retirement, he entered the business world and owned a successful medical equipment sales and service company for 25 years in Knoxville and Mountain City, TN. He loves to fish for whatever is in the water and golf whenever he can.

Terry and Milena own a red '60 MGA, a primer/rust '55 Nash Metro and a white '63 Comet. They really love cars and enjoy our clubs.
