

Last fall Terry Mathes neighbors, Hub and Cathey Sanders became the proud owners of Ron and Diann Phillips '76 MG Midget.

Both Hub and Cathey were raised in Memphis, Tennessee and have been living in Virginia for over 30 years. As snowbirds they will be active with us from December until mid-April.

Hub served in the USAF for four years and was stationed in Spokane, Washington. We understand that Hub was a "Man of the Cloth" for 20 years.....he worked for Levi Strauss! He then moved into the car business for the past 10 years.

Cathey worked in the insurance business for over 20 years.

Travel, hunting, fishing and golf occupy much of their time now days.

They are looking forward to owning their first MG and joining the club.
